PROGRAM REPORT

Program Name	One Day Workshop on Entrepreneurship Awareness
Resource Person	Mr. Naga Sai
Date Of Activity	04/01/2023
Organized by	Nimra college of Engineering and Technology
Venue	NCET seminar hall

Objectives of the program:

Entrepreneurship programs have various objectives that aim to develop the necessary skills and traits for entrepreneurship, provide knowledge of business to people with no prior knowledge, and prepare individuals to exploit market opportunities for their own business successfully.

Topics covered:

1. Developing entrepreneurial skills and traits
2. Training for successful business operations
3. Preparing individuals to exploit market opportunities
4. Developing an entrepreneurial mindset
5. Effective Communication and Networking

St. Aasha
PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

On 04/01/2023, from Nimra College of Engineering and Technology students and Faculty Members have participated in Entrepreneurship Program.

St. Aasha
PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of the program:

The students and the Faculty Members developed Enhanced entrepreneurial mindset, including creativity, risk-taking, and problem-solving abilities with increased awareness and understanding of entrepreneurship in today's business landscape through the One Day Workshop on Entrepreneurship Awareness.

They gained knowledge on:

1. A comprehensive understanding of entrepreneurship and its key factors for success
2. Critical thinking
3. Working effectively with others
4. Mobilizing people and resources
5. Sustainable business practices, corporate social responsibility, and the impact of entrepreneurship on local communities and environment.

PROGRAM REPORT

Program Name	Two Days Seminar on “Cloud Technology and its implications for entrepreneurship”
Resource Person	Mr Shaik Shabaz
Date of Activity	30/01/2023 - 31/01/2023
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

Two Days Seminar on “Cloud Technology and its implications for entrepreneurship” including flexibility, increased productivity, lower infrastructure and space expenses, operational flexibility, and awareness of potential benefits and risks. Entrepreneurs should consider the benefits and risks of cloud computing when deciding whether to use it for their business.

Topics Covered:

1. **Flexibility:** Cloud technology provides flexibility to entrepreneurs by allowing them to access their data and applications from anywhere and at any time
2. **Reduced Cost:** Cloud technology eliminates the need for expensive hardware and software, which can be a significant cost savings for entrepreneurs.
3. **Increased Productivity:** Cloud computing enables entrepreneurs to collaborate more effectively with their teams, facilitating seamless communication and file sharing. This can lead to increased productivity and efficiency in business operations
4. **Scalability:** Cloud technology offers scalability, allowing businesses to easily scale up or down their resources based on their needs. This flexibility is particularly beneficial for startups and growing companies.

PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

The students and the Faculty Members gained a deeper understanding of the concept of Cloud Technology and its implications for entrepreneurship through this two day Seminar.

They gained knowledge on:

1. Entrepreneurs will gain knowledge about the benefits of cloud technology, such as flexibility, reduced cost, increased productivity, secure collaboration, and innovation.
2. Students can gain knowledge on e-commerce and mobile application development, including how to develop e-commerce websites, how to integrate payment gateways, how to optimize user experience, and how to develop mobile applications for different platforms, how to optimize user experience, and how to market mobile applications.
3. Students can gain knowledge on cloud technology and its implications for entrepreneurship by looking at case studies of successful entrepreneurs who have leveraged cloud technology to grow their businesses.

Date: 11-08-2022

PROGRAM REPORT

Program Name	Essentials in a Successful Entrepreneur: Exploring Entrepreneurship and its Key Factors
Resource Person	Mr. Bharat Reddy Veluri
Date Of Activity	10/08/2022
Organized by	Nimra college of Engineering and Technology
Venue	NCET seminar hall

Objectives of the Program:

Entrepreneurship Programs have various objectives that aim to develop the necessary skills and traits for entrepreneurship, provide knowledge and insights needed to people with no prior knowledge, and prepare individuals to exploit market opportunities for their own business successfully. Participants will be equipped with the knowledge and insights needed to navigate the rapidly changing entrepreneurial landscape and leverage technology to drive innovation and success in their ventures.

Topics Covered:

1. Developing entrepreneurship skills and traits
2. Training for successful business operations
3. Preparing individuals to exploit market opportunities
4. Developing entrepreneurial mindset
5. Understanding the role of innovation in entrepreneurship

S.K. Karimulla
Program Co-ordinator

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY

NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of the program:

Through the one Day Seminar on “Essentials in a Successful Entrepreneur: Exploring Entrepreneurship and its Key Factors” Participants will be equipped with the knowledge and insights needed to navigate the rapidly changing entrepreneurial landscape and leverage technology to drive innovation and success in their ventures.

They gained knowledge on:

1. Critical Thinking
2. Working effectively with others
3. Mobilizing people and resources
4. Selling themselves and their ideas

ABOUT COLLEGE

NCET a self-financed institution, was established by Nimra Educational Society in the year 1997. The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the traditional city - Vijayawada in Andhra Pradesh. NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi. NCET is recognized and known as the best college for engineering education in Coastal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena. In an intensely competitive environment, the college has adopted a dynamic, global, high-quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students

PROGRAM REPORT

Program Name	One Day Seminar on Embedded Web Technology: Research and Applications
Resource Person	Mr. Syed Karimulla
Date of Activity	21/07/2022
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objective of the One Day Seminar on Embedded Web Technology: Research and Applications is to provide participants with a comprehensive understanding of the concepts, research, and applications related to embedding web technologies into various devices and systems. The seminar aims to explore the latest advancements, challenges, and potential solutions in this field, fostering a deep knowledge and awareness among the attendees.

Topics Covered:

1. Introduction to Embedded Web Technology
2. Definition and scope
3. Evolution and significance
4. Examples of embedded web systems
5. Web Technologies for Embedded Systems

M.N.P. CHANDRA RAO

Outcome of Program

By the end of the One Day Seminar on “Embedded Web Technology: Research and Applications” participants should have achieved a comprehensive understanding of embedded web technology and its applications besides gaining familiarity with the web technologies used in embedded systems.

They gained knowledge on:

1. Embedded systems and their integration with web technologies.
2. Web development concepts and frameworks for embedded devices.
3. Communication protocols and standards used in embedded web systems.
4. Practical skills for developing embedded web applications.
5. Understanding security considerations for embedded web systems.
6. Real-world applications of embedded web technology in different industries.

M.N.P CHANDRA RAO.
PROGRAM CO-ORDINATOR

OBJECTIVES OF THE PROGRAM:

THE OBJECTIVE OF THE ONE DAY SEMINAR ON EMBEDDED WEB TECHNOLOGY: RESEARCH AND APPLICATIONS IS TO PROVIDE PARTICIPANTS WITH A COMPREHENSIVE UNDERSTANDING OF THE CONCEPTS, RESEARCH, AND APPLICATIONS RELATED TO EMBEDDING WEB TECHNOLOGIES INTO VARIOUS DEVICES AND SYSTEMS. THE SEMINAR AIMS TO EXPLORE THE LATEST ADVANCEMENTS, CHALLENGES, AND POTENTIAL SOLUTIONS IN THIS FIELD, FOSTERING A DEEP KNOWLEDGE AND AWARENESS AMONG THE ATTENDEES.

06-05-2022

PROGRAM REPORT

Program Name	One Day Workshop on “Barcodes: Exploring Research and Practical Applications”
Resource Person	Mr. Nagul Shareef Shaik
Date of Activity	05/05/2022
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objectives of the “One Day Seminar on “Leveraging Machine Learning for Research Advancements in Investor Awareness and Regulatory Oversight” aims to provide the participants with a comprehensive understanding of barcodes and their significance in various industries along with the exploration of the latest research and advancements in barcode technology. Additionally, it helps to showcase practical applications of barcodes in different sectors and to equip participants with the knowledge and skills necessary to implement barcodes effectively.

Topics Covered:

1. Introduction to Barcodes:
2. Barcode scanners and their working principles.
3. Applications of Barcodes
4. Research and Advancements
5. Best practices for barcode implementation.
6. Troubleshooting common barcode issues.

M.N.P CHANDRASEKAR

PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

The students and the Faculty Members after attending the one-day workshop on barcodes, have gained the knowledge and skills required to utilize barcodes efficiently in their respective fields. They understood the principles behind barcode encoding, decoding different barcode symbolizes, selecting appropriate barcode scanning technologies, and implementing barcodes in various applications. Additionally, participants were equipped with the latest information on barcode research and advancements, updated with emerging technologies and explored innovative uses of barcodes. Overall, the workshop empowered participants to leverage barcodes to improve operational efficiency, to enhance supply chain management, to streamline inventory control, and to optimize business processes through the One Day workshop on “**Barcodes: Exploring Research and Practical Applications**”.

They gained knowledge on:

1. Understanding of different types of barcodes and their applications.
2. Knowledge of barcode encoding techniques and error correction.
3. Familiarity with barcode scanning technologies and their limitations.
4. Awareness of the latest research and advancements in barcode technology.
5. Skills to implement and troubleshoot barcodes effectively.

PROGRAM REPORT

Program Name	One Day Seminar on “Entrepreneurship: Unlocking Benefits & opportunities for Innovators”
Resource Person	Mr. Chalasani Ajay Kumar
Date of Activity	07/04/2022
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

One Day Seminar on “Entrepreneurship: Unlocking Benefits & opportunities for Innovators”. Lower unemployment: According to a UN report, unlocking entrepreneurship opportunities for youth could lower unemployment and bring social benefits. Access to new ideas and perspectives: Having an entrepreneur-in-residence can provide access to new ideas and perspectives, which can lead to increased innovation and improved efficiency. Securing market.

Topics Covered:

1. The program focuses on unlocking innovation and new ideas that can deliver positive business benefits
2. It aims to find tangible ways to drive a measurable return on investment
3. Creating a culture that allows innovation to flourish
4. Entrepreneur-in-residence:
5. Securing market: Innovators benefit from being in the spotlight for the success of their businesses. They play by their own rules and can secure their market

PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
Nimra Nagar, Jupudi, Ibrahimpatnam, Vijayawada-521456

Outcome of Program:

The students and the Faculty Members gained a deeper understanding of the concept of a smart campus and the potential benefits it offers to educational institutions through the Seminar on “Entrepreneurship: Unlocking Benefits & opportunities for Innovators”.

They gained knowledge on:

1. Innovation and Change
2. Financial Independence
3. Improved Skills
4. Value of Entrepreneur-in-Residence: An entrepreneur-in-residence program can be a valuable asset to a business. It can help drive innovation, identify new opportunities, and bring fresh perspectives to the company.
5. Social Insurance: Social insurance can help unlock entrepreneurial opportunities by providing a safety net for entrepreneurs who may otherwise be hesitant to take the risk of starting their own business due to the loss of benefits, like health insurance, that accompany stable employment

ABOUT COLLEGE

NCET a self-finance institution, was established by Nimra Educational Society in the year 1997. The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the

traditional city - Vijayawada in Andhra Pradesh. NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi.

NCET is recognized and known as the best college for engineering education in Coastal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena.

In an intensely competitive environment, the college has adopted a dynamic, global, high-quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students.

PROGRAM REPORT

Program Name	“One Day Workshop on Machine Learning with Python: A Research Perspective”
Resource Person	Mr.c. Sudhakar
Date of Activity	15/03/2022
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objectives of the “One Day Workshop on Machine Learning with Python: A Research Perspective” is to make the participants understand the fundamentals of machine learning and its applications. Besides to gain practical knowledge of implementing machine learning algorithms using Python and exploring various techniques for data pre-processing and feature engineering. It depicts how to evaluate and optimize machine learning models gaining insights into advanced topics in machine learning, such as deep learning and natural language processing.

Topics Covered:

1. Introduction to Machine Learning: Concepts, types of learning, and applications.
2. Data Pre-processing: Data cleaning, handling missing values feature scaling, and data transformation.
3. Supervised Learning: Regression, classification, decision trees, random forests, and support vector machines.
4. Unsupervised Learning: Clustering techniques, dimensionality reduction, and anomaly detection.
5. Model Evaluation and Optimization: Cross-validation, performance metrics, hyper parameter tuning, and model selection.
6. Introduction to Deep Learning: Neural networks, activation functions, training neural networks, and deep learning frameworks.
7. Natural Language Processing (NLP): Text pre-processing, sentiment analysis, text classification, and word embeddings.
8. Advanced Topics: Reinforcement learning, generative adversarial networks (GANs), and transfer learning.

Outcome of Program

The students and the Faculty Members through the One Day Workshop on Machine Learning With Python: A Research Perspective” gained insights into advanced topics in machine learning, such as deep learning and natural language processing using Python.

The participants:

1. Acquired a solid understanding of machine learning concepts and their practical applications.
2. Developed hands-on experience in implementing machine learning models using Python.
3. Learned techniques for data preprocessing, feature engineering, and model evaluation and optimization.
4. Gained familiarity with advanced topics in machine learning, such as deep learning and natural language processing.
5. Developed the skills necessary to apply machine learning algorithms to real-world problems and datasets.

Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

Workshop on "Web Development: Nurturing Innovative Ideas for Start-up Businesses" creates awareness and understanding about the concept of a smart campus and its potential benefits for educational institutions. Besides it explore the role of vision technologies in transforming campuses into smart environments.

Topics Covered:

- 1. Web development business ideas:** This could cover topics such as 17 profitable business ideas for web developers to start in 2022, 35 best profitable tech start-up ideas for beginners, and 17 unique business ideas for you to try this year
- 2. Web development skills:** This could cover topics such as learning to code and found your own start-up , how to build up your experience and strengthen your newly-learned skills as a beginner in programming, and how to evaluate the difficulty and time commitment of each project before committing to it

Outcome of Program

The Students and the Faculty Members gained a deeper understanding of the concept of a smart campus and the potential benefits it offers to educational institutions through the Seminar on Workshop on “Web Development: Nurturing Innovative Ideas for Start-up Businesses”

They gained knowledge on:

1. Participants could gain knowledge on how to identify and evaluate web development business ideas, how to choose a niche, and how to develop a business plan.
2. They could also gain knowledge on how to develop web development skills, how to apply these skills to different areas such as design and marketing, and how to build a portfolio.
3. Additionally, participants could gain knowledge on e-commerce and mobile application development, including how to develop e-commerce websites, how to integrate payment gateways, how to optimize user experience, and how to develop mobile applications for different platforms, how to optimize user experience, and how to market mobile applications

Objectives

1. Foster innovation: The workshop could aim to inspire participants to think creatively and come up with innovative ideas for web development that can help start-up businesses succeed

2. Encourage collaboration: The workshop could bring together people from different backgrounds and skill sets to work together on web development projects. This could help participants learn from each other and develop new ideas through collaboration

3. Improve user experience: The workshop could emphasize the importance of designing websites with the user in mind. By focusing on user experience, participants could learn how to create websites that are easy to use and navigate, which can help start-up businesses attract and retain customer

4. Nurture a culture of innovation: The workshop could aim to create a culture of innovation within start-up businesses. By encouraging employees to share their ideas and rewarding innovation, businesses can create an environment that fosters creativity and encourages employees to think outside the box

5. Increase business capabilities: The workshop could help start-up businesses increase their capabilities and reach. By learning new skills and techniques for web development, businesses can improve their online presence and attract more customers

Topics

1. Web development business ideas: This could cover topics such as 17 profitable business ideas for web developers to start in 2022, 35 best profitable tech startup ideas for beginners, and 17 unique business ideas for you to try this year

Date: 29/01/2022

PROGRAM REPORT

Program Name	A One Day Seminar on "Effects of Entrepreneurship on Economic Growth"
Resource Person	Ms. Sk Razia Begum
Date Of Activity	28/01/2022
Organized by	Nimra college of Engineering and Technology
Venue	NCET seminar hall

Objectives of the program:

One Day Seminar on effects of entrepreneurship on economy growth program can vary depending on the specific workshop, but generally, the goals are to help participants develop and strengthen their entrepreneurial skills, motivate them for achievement, and enable them to be independent

Topics covered:

1. Developing entrepreneurial skills and traits
2. Training for successful business operations
3. Preparing individuals to exploit market opportunities
4. Developing an entrepreneurial mindset
5. Effective Communication and Networking

Outcome of the program:

The students can be improved through the effects of entrepreneurship on the economy can be significant, including job creation, increased productivity, and economic growth. Entrepreneurship education can also have positive impacts on young people's mindset and employability.

They gained knowledge on:

1. **Raises the standard of living:** Entrepreneurship can greatly enhance the standard of living for individuals and communities by setting up industries and creating wealth and new positions. **Promotes economic growth:** Entrepreneurship promotes economic growth, provides access to goods and services, and improves the overall standard of living.
2. **Optimal use of resources:** Entrepreneurship can help identify market opportunities and make optimal use of resources. By bringing innovation to every aspect of businesses, entrepreneurial ventures enhance production utilizing the existing resources in the most effective ways.
3. **Creates jobs:** A large number of new jobs and opportunities are created by entrepreneurship. Entrepreneurship creates a huge amount of entry-level jobs that are very much important to turn unskilled jobholders into skilled ones.

ABOUT COLLEGE

NCET a self-financed institution, was established by Nimra Educational Society in the year 1997. The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the traditional city - Vijayawada in Andhra Pradesh. NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi. NCET is recognized and known as the best college for engineering education in Costal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena.

In an intensely competitive environment, the college has adopted a dynamic, global, high-quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students

Programme Schedule

28-01-2022

ORGANIZED BY

**NIMRA COLLEGE OF
ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI,
IBRAHIMPATNAM, VIJAYAWADA-
521456**

Courses Offered:

B-TECH:

- Civil Engineering
- Electronics & Communication
- Engineering
- Electrical & Electronics Engineering
- Mechanical Engineering
- C.S.E,C.S.E(AIML&DS)

M-TECH:

- Computer Science & Engineering
- VLSI System Design
- PG :M.B.A-M.C.A

Topics

- Social media marketing
- Legal workshop series for start-ups
- How to pitch an idea
- Market validation
- Technical skills necessary to produce the business's product or service
- Managerial skills essential to the day-to-day operations of the business
- Personal goals and how they align with the business goals
- Identifying resources and relationships
- Evaluating personal roles.

Objectives of the Program:

One Day Seminar on "One Day Entrepreneurship Workshop effects of entrepreneurship on economy growth program can vary depending on the specific workshop, but generally, the goals are to help participants develop and strengthen their entrepreneurial skills, motivate them for achievement, and enable them to be independent

11/01/2022

PROGRAM REPORT

Program Name	“Quantum Technology and Cyber Security: Explaining Research and Advancements”
Resource Person	Mr. Sivayya Ravi
Date of Activity	10/01/2022
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

One Day Seminar on “Quantum Technology and Cyber Security: Explaining Research and Advancements” aims to provide a comprehensive analysis of the potential applications of quantum technology in cyber squatting, including its benefits and challenges, and how individuals, organizations, and policymakers can adapt to and leverage these technologies for the betterment of society. The seminar could help participants gain a better understanding of the current state-of-the-art in quantum computing and cyber squatting, and how these technologies can be used to enhance network security and protect against cyber threats.

Topics Covered:

1. Preparing students and professionals for the challenges and opportunities of the future in cyber squatting by focusing on cutting-edge technologies and practical applications.
2. Providing a comprehensive, illustrative description of the current state-of-the-art quantum computing and cyber squatting, and presenting the proposed approaches to date.
3. Identifying the key challenges and opportunities
4. Discussing the potential benefits of quantum technology for enhancing network security, including the use of quantum communication to provide quantum physics-based security.
5. Examining the current state-of-the-art in quantum computing and cyber squatting, including the threats and opportunities presented by these technologies

Outcome of Program

The students and the Faculty Members gained a deeper understanding of the concept of a smart campus and the potential benefits it offers to educational institutions through the Seminar on A One Day Seminar on “Quantum Technology and Cyber Security : Explaining Research and Advancements”

They gained knowledge on:

1. Preparation of students and professionals for the challenges and opportunities of the future in cyber squatting by focusing on cutting-edge technologies and practical applications.
2. Exploration of the potential impact of quantum technology on the cyber squatting landscape, including the threats and opportunities presented by these technologies.
3. Discussion of the potential benefits of quantum technology for enhancing network security, including the use of quantum communication to provide quantum physics-based security.
4. Identification of the key challenges and opportunities presented by quantum technology in the field of cyber squatting, and how individuals, organizations, and policymakers can adapt to and leverage these technologies for the betterment of society.
5. Greater understanding of the current state-of-the-art in quantum computing and cyber squatting, and how these technologies can be used to enhance network security and protect against cyber threats.
6. Increased awareness and understanding of the potential applications of quantum technology in cyber squatting, including quantum cryptography and quantum-resistant algorithms.
