PROGRAM REPORT

Program Name	"One Day Seminar on Entrepreneurship Development"
Resource Person	Mr. Syed Mastan Vali
Date of Activity	18/12/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The seminar aimed to provide participants with valuable insights and knowledge about entrepreneurship, empowering them to embark on their entrepreneurial journey. The event saw a diverse group of aspiring entrepreneurs, business students, and professionals who were eager to learn and explore the world of entrepreneurship. In addition to the informative sessions, the seminar facilitated networking and collaboration among participants. Interactive group activities and networking breaks allowed individuals to connect with like-minded individuals, exchange ideas, and potentially form partnerships or collaborations

Topics Covered:

1. Market research and opportunity identification
2. Business planning and strategy
3. Financing options
4. Marketing and sales techniques
5. Managing operations effectively.
6. Necessary tools and knowledge to start and grow a successful business.

PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

The students and the Faculty Members developed Enhanced entrepreneurial mindset, including creativity, risk-taking, and problem-solving abilities with increased awareness and understanding of entrepreneurship as a career option through the One Day Seminar on Entrepreneurship Development.

They gained knowledge on:

1. various aspects of starting and managing a business, such as market research, business planning, financing, marketing, and operations.
2. Strengthened networking and collaboration skills, leading to potential partnerships and business opportunities.
3. overcoming common entrepreneurial challenges and making informed decisions.
4. Fostering a culture of innovation thinking outside the box and identifying new business opportunities.
5. embracing social and environmental sustainability in their entrepreneurial endeavours.

ABOUT COLLEGE :

NCET a self-finance institution, was established by Nimra Educational Society in the year 1997.

The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the traditional city - Vijayawada in Andhra Pradesh.

NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi.

NCET is recognized and known as the best college for engineering education in Coastal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena.

In an intensely competitive environment, the college has adopted a dynamic, global, high-quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students.

Courses Offered:

B.Tech

- Computer Science & Engineering
- Electronics & Communication
- Engineering Electrical & Electronics
- Engineering Mechanical Engineering
- CIVIL
- MECHANICAL ENGINEERING

M.Tech

- Computer Science & Engineering
- VLSI System Design
- CAD-CAM,PE

PROGRAM REPORT

Program Name	One Day Seminar of "Role of Intellectual Property Rights in the Development of Software Technology and related Industries"
Resource Person	Mr. Tammisetty. Koteswara Rao
Date of Activity	04/12/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objective of the one-day seminar on the "Role of Intellectual Property Rights in the Development of Software Technology and related Industries" is to provide participants with a focused and comprehensive understanding of the significance of intellectual property rights (IPR) in the software technology sector. The seminar aims to raise awareness about the importance of protecting intellectual property, examine the impact of IPR on software development and related industries, and equip participants with practical knowledge to navigate the complexities of IPR in software technology.

Topics Covered:

1. Introduction to Intellectual Property Rights: Overview of different types of intellectual property, including copyrights, patents, trademarks, and trade secrets, and their relevance to software technology.
2. Copyright Protection for Software: Understanding the application of copyright laws to software development, including the protection of source code, creative elements, and the concept of fair use.
3. Patent Protection for Software: Exploring the eligibility criteria, patentability requirements, and potential limitations of obtaining patents for software-related inventions.
4. Trademarks and Brand Protection: Examining the role of trademarks in establishing brand identity and protecting software products and services in the market.
5. Emerging Trends and Future Directions: Exploring current trends and future directions in intellectual property protection for software technology, such as artificial intelligence, block chain, and cyber security.

Outcome of Program

By the end of the seminar "Role of Intellectual Property Rights in the Development of Software Technology and related Industries" Participants will gain an increased awareness of the importance of intellectual property rights in the software technology sector and related industries.

They gained knowledge on:

1. Understanding of the different types of intellectual property and their relevance to software technology.
2. Familiarity with the legal frameworks and regulations governing intellectual property rights in the software industry.
3. Knowledge of strategies and best practices for protecting software innovations and intellectual property.
4. Awareness of emerging trends and future directions in intellectual property protection for software technology.
5. Awareness of ethical and privacy considerations associated with big data research and applications.

PROGRAM REPORT

Program Name	Research Advancements in Navigation Satellite System: Navigating the Future
Resource Person	Mr. G. Srikanth
Date of Activity	13/10/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objectives of research advancements in Navigation Satellite System (NSS) are to explore the future pathway for research and to advance Earth system science objectives. The rapid advancements in satellite navigation technology have made the future of space missions brighter than ever. The research aims to provide an overview of the satellite navigation system and the associated vulnerabilities, to discuss the various global navigation satellite systems, regional satellite navigation systems, and satellite-based augmentation systems, and to outline new opportunities, perspectives, and megatrends of satellite navigation.

Topics Covered:

1. Satellite Based Augmentation Systems (SBAS)
2. Navigation Satellite Systems (GNSS)
3. Regional Satellite Navigation Systems
4. Satellite-Based Augmentation Systems (SBAS)
5. Emerging Applications in GPS/GNSS
6. Challenges and Problems in Delivering Safe and Reliable Navigation

PROGRAM CO-ORDINATOR

Outcome of Program

The students and the Faculty Members gained a deeper understanding of advancements in navigation satellite systems have led to improved accuracy, reliability, and the development of new applications. Ongoing research aims to enhance these systems further and explore new opportunities for satellite navigation in various industries and sectors.

They gained knowledge on:

1. Global Navigation Satellite Systems (GNSS)
2. Accuracy and Reliability
3. Future Enhancements
4. Emerging Applications
5. BeiDou Navigation Satellite System (BDS)

5

Topics:

1. Education and Awareness
2. Introduction to artificial intelligence for navigating the future”
3. Real-world applications of artificial intelligence
4. Definition and basic concepts
5. Supervised, unsupervised, and reinforcement learning
6. Types of navigation problems: classification, regression,

Objectives :

The objectives of the “Research advancements in artificial intelligence for navigating the future” aims to provide a resounding success, delivering valuable knowledge, fostering networking opportunities, and inspiring participants to explore the vast possibilities offered by artificial intelligence in their professional endeavours. Additionally, considering the fast-paced nature of the field, regular updates and advanced seminars on recent developments in navigation the future would be beneficial to keep participants informed about the latest trends and advancements

PROGRAM REPORT

Program Name	One Day Seminar on "Research Integration and Collaboration Opportunities for Smart Campus Vision"
Resource Person	Ms. Shaik Aasha
Date of Activity	12/09/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

One Day Seminar on "Research Integration and Collaboration Opportunities for Smart Campus Vision" creates awareness and understanding about the concept of a smart campus and its potential benefits for educational institutions. Besides it explore the role of vision technologies in transforming campuses into smart environments.

Topics Covered:

1. Best practices of vision-enabled smart campuses.
2. Challenges and considerations involved in implementing vision technologies on campus.
3. Potential collaboration opportunities between educational institutions and technology providers.
4. Networking and knowledge sharing among participants from academia, industry, and technology sectors.
5. Innovative ideas for leveraging vision technologies to create smarter and more efficient campuses.
6. Ethical and privacy implications of implementing vision technologies on campus and identify strategies to address them.
7. Action plan for participants interested in pursuing collaboration projects in the field of vision-enabled smart campuses.

NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

The students and the Faculty Members gained a deeper understanding of the concept of a smart campus and the potential benefits it offers to educational institutions through the Seminar on “A One Day Seminar on “Vision to Smart Campus and Possible Collaboration Opportunities”

They gained knowledge on:

1. Increased Awareness and Understanding of a smart campus and its potential benefits
2. Importance of knowledge sharing for vision-enabled campuses.
3. Collaboration of participants from academia, industry and technology sectors helped to build network and identify potential.
4. Funding opportunities and resources availability for implementing vision-based smart campus projects.
5. Research and development projects related to vision technologies will foster innovation within campus community.
6. Resources to drive implementation of vision technologies and smarter campuses.

ABOUT COLLEGE

NCET a self-finance institution, was established by Nimra Educational Society in the year 1997. The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the

traditional city - Vijayawada in Andhra Pradesh. NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi.

NCET is recognized and known as the best college for engineering education in Costal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena.

In an intensely competitive environment, the college has adopted a dynamic, global, high- quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students.

**One Day Seminar on
Research Integration
and Collaboration
Opportunities for Smart
Campus Vision**

DATE-12-09-2018

ORGANIZED BY

**NIMRA COLLEGE OF
ENGINEERING AND
TECHNOLOGY**

Courses Offered:

B.Tech

- Civil Engineering
- Electronics & Communication
- Computer Science & Engineering
- Engineering Electrical & Electronics
- Engineering Mechanical Engineering

M.Tech.

- Computer Science & Engineering
- VLSI System Design
- CAD/CAM
- Power Electronics

Objectives of the Program:

One Day Seminar on
“Research Integration and
Collaboration Opportunities
for Smart Campus Vision”
creates awareness and
understanding about the
concept of a smart campus
and its potential benefits for
educational institutions.
Besides it explore the role of
vision technologies in
transforming campuses into
smart environments.

PROGRAM REPORT

Program Name	“Leveraging Machine Learning for Research Advancements in Investor Awareness and Regulatory Oversight”
Resource Person	Mr.Nagul Shareef Shaik
Date of Activity	28/08/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objectives of the “One Day Seminar on “Leveraging Machine Learning for Research Advancements in Investor Awareness and Regulatory Oversight” aims to provide a resounding success, delivering valuable knowledge, fostering networking opportunities, and inspiring participants to explore the vast possibilities offered by machine learning in their professional endeavours. Additionally, considering the fast-paced nature of the field, regular updates and advanced seminars on recent developments in machine learning would be beneficial to keep participants informed about the latest trends and advancements.

Topics Covered:

1. Education and Awareness
2. Introduction to Machine Learning
3. Real-world applications of machine learning across different domains
4. Definition and basic concepts
5. Supervised, unsupervised, and reinforcement learning
6. Types of machine learning problems: classification, regression, clustering
7. Machine Learning Algorithms

PROGRAM REPORT

Program Name	One Day Workshop on "Harnessing the Power of Big Data: Research and Applications"
Resource Person	Mr. Vijay
Date of Activity	20/07/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objective of the "Harnessing the Power of Big Data Research and Applications Workshop" is to provide participants with a comprehensive understanding of big data research and its practical applications. The workshop aims to explore the potential of big data analytics, discuss relevant technologies and methodologies, and highlight its impact on various industries.

Topics Covered:

1. Introduction to Big Data: Definition, characteristics, and challenges.
2. Big Data Analytics: Techniques, algorithms, and tools for analyzing large datasets.
3. Data Collection and Pre-processing: Strategies for collecting, cleaning, and integrating diverse data sources.
4. Big Data in Industry Domains: Case studies and examples of big data applications in various sectors, such as healthcare, finance, marketing, and transportation.
5. Ethical and Privacy Considerations: Legal and ethical issues related to big data collection, storage, and analysis.

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

By the end of the workshop, participants will have gained a deeper knowledge and understanding of big data research and its applications. They will be equipped with practical insights, tools, and techniques to leverage big data effectively in their respective domains. Participants will also have the opportunity to network and engage in discussions with experts and peers in the field.

They gained knowledge on:

1. Understanding of the fundamental concepts and characteristics of big data.
2. Familiarity with various big data analytics techniques and tools.
3. Ability to interpret and visualize complex datasets.
4. Insights into the practical applications of big data in different industry domains.
5. Awareness of ethical and privacy considerations associated with big data research and applications.

PROGRAM REPORT

Program Name	One Day Workshop on “Enhancing Virtual Satellite(VSAT) Learning Through Research Integration”
Resource Person	Mr. Shaik Khaja
Date of Activity	11/06/2018
Organized by	Nimra College Of Engineering And Technology (NCET)
Venue	Seminar Hall, NCET

Objectives of the Program:

The objective of the One Day Workshop on “Enhancing Virtual Satellite (VSAT) Learning Through Research Integration” is a comprehensive understanding and the latest trends and advancements of Virtual Satellite (VSAT) Learning. It explores the latest trends and advancements in VSAT Learning. Besides it depicts the importance of research integration and the strategies for enhancing the effectiveness of VSAT Learning

Topics Covered:

1. Introduction to Virtual Satellite (VSAT) Learning
2. Current Trends in VSAT Learning
3. Research Integration in VSAT Learning
4. Best Practices for Enhancing VSAT Learning
5. Case Studies and Success Stories
6. Tools and Technologies for VSAT Learning
7. Future Prospects and Challenges in VSAT Learning

PROGRAM CO-ORDINATOR

NIMRA COLLEGE OF ENGINEERING & TECHNOLOGY
NIMRA NAGAR, JUPUDI, IBRAHIMPATNAM, VIJAYAWADA-521456

Outcome of Program

The students and the Faculty Members gained knowledge, skills, and confidence to work effectively with VSAT systems, whether it be in installation, maintenance, network design, or other related roles through the workshop on “VSAT Networking”.

Participants gained knowledge on:

1. A comprehensive understanding of VSAT technology, including its components, functionality, and applications.
2. Satellite communication principles, modulation techniques, antenna systems, and network architecture.
3. Technical knowledge required for operating and maintaining VSAT systems.
4. Installation procedures, alignment techniques, troubleshooting, and signal optimization.
5. Hands-on experience in deploying antennas, aligning satellite dishes, and configuring network parameters.

ABOUT COLLEGE

PROGRAM COMMITTEE

VENUE : NCET SEMINAR HALL

NCET a self-finance institution, was established by Nimra Educational Society in the year 1997. The College is situated on the main NH 09 (Vijayawada- Hyderabad Highway), just 17 KM away from the traditional city - Vijayawada in Andhra Pradesh. NCET is affiliated to Jawaharlal Nehru Technological University, Kakinada, and approved by All India Council for Technical Education (AICTE), New Delhi.

NCET is recognized and known as the best college for engineering education in Coastal Andhra. The College provides its students with modern educational facilities while retaining traditional values, as well as using its strong industrial contacts to mould young, talented individuals who can compete in the global arena.

In an intensely competitive environment, the college has adopted a dynamic, global, high-quality, creative and communicative approach in education. The college aims at imparting high quality excellent education in Engineering and Technology to all categories of students.

**One Day Workshop on
Enhancing Virtual
Satellite(VSAT) Learning
Through Research
Integration”**

DATE-11/06/2018

ORGANIZED BY

**NIMRA COLLEGE OF
ENGINEERING & TECHNOLOGY**

Courses Offered:

B.Tech

- Civil Engineering
- Electronics & Communication
- Computer Science & Engineering
- Electrical & Electronics Engineering
- Mechanical Engineering

M.Tech.

- Computer Science & Engineering
- VLSI System Design
- CAD/CAM
- Power Electronics

OBJECTIVES OF THE PROGRAM

The objective of the One Day Workshop on “Enhancing Virtual Satellite(VSAT) Learning Through Research Integration” is a comprehensive understanding and the latest trends and advancements of Virtual Satellite (VSAT) Learning. It explores the latest trends and advancements in VSAT Learning. Besides it depicts the importance of research integration and the strategies for enhancing the effectiveness of VSAT Learning

REGISTRATION FORM:

Name :
ROLL NO:.....
Branch :.....

Nimra Nagar, Jupudi

Topics :-

- Introduction to Virtual Satellite (VSAT) Learning
- Current Trends in VSAT Learning
- Research Integration in VSAT Learning
- Best Practices for Enhancing VSAT Learning
- Case Studies and Success Stories
- Tools and Technologies for VSAT Learning
- Future Prospects and Challenges in VSAT Learning
