# Using College Management Software

## College Management Software - General Overview

Before start using College Management Software consider a general scenario of typical school of class 1 to 12th, each classes have sections like Section A, Section B. There will various subjects for different classes like some subjects are theory and some are practical. Exams are created using these subjects and classes.

Students enter in classes by new admission or promoted by their previous class after successful passing of previous class. During course of student we will charge fees to students and collecting them at monthly or onetime basis. We like to record attendance of our students. Our school may be providing transport facility to student. Our school have library for students have to maintain books inventory. Our school have hostels and providing hostel facility to our students. Obviously our school has teachers to teach and manage students. We like to communicate our teachers, students and parents. We like to record all the expenses done in our school like miscellaneous bills, salary payments etc. After everything we like to analyze various reports based on our school.

If you are using College Management Software for a training centre then may be you like to admit students into two classes, since version 5 we have introduce multi class feature where you can admit a single student in two classes simultaneously.

Apart from above we also like to provide access to our College Management Software to other users like Teachers, Accountants, Librarians, Students and their Parent. For these College Management Software have 8 inbuilt user's roles- **SuperAdmin, Admin, Teacher, Accountant, Librarian, Receptionist, Student and Parent.**

Virtually you can create unlimited number of user roles for staff members.

### **Steps to setup your school -**

1. In the Admin panel go to **System Settings > General Setting** in upper right side click on **Edit** button to update your school data.

The screenshot shows the 'General Setting' page for Nimra College of Engineering and Technology. The page is divided into several sections:

- College Information:** College Name (NIMRA COLLEGE OF ENGINEERING AND TECHNOLOGY), College Code (NCET), Address (NIMRA NAGAR, JOJUBAT (V), BRAHMPURBA (M), KRISHNA DIST., ANDHRA PRADESH 521002), Phone (+91-81 665-2552010, 2002910), and Email (principal\_nimra@yahoo.co.in).
- Session:** Session (2022-23), Session Start Month (AUGUST).
- Attendance Type:** Attendance (Day Wise, Period Wise, Biometric Attendance), with Day Wise selected. Biometric Attendance is currently Disabled.
- Language:** Language (English), Language RTL Text Mode (Disabled, Enabled).
- Date Time:** (Field is present but empty).

Buttons for 'Edit Print Logo', 'Edit Admin Logo', 'Edit Admin Small L...', and 'Edit App Logo' are visible next to their respective fields.

2. Update your **School Name, School Code** (School Code is your school affiliation / accreditation no), **Address, Phone, Email** (for remaining settings please check System Settings section) now click on **Save** button to update record.
3. For updating your school print logo (used in fees receipt and payslip print) go to **System Settings > General Setting** in lower left side click on **Edit Print Logo** button (it is recommended for logo to use .png image with transparent or white background and around 200px x 200px in size). Now drag and drop or select your logo file. By clicking on **Edit Admin Logo** and **Edit Admin Small Logo** you can set logo for admin panel. **Edit App Logo** to set logo for mobile app.
4. For automated SMS messaging add any one of available SMS Gateway with the required details from **System Settings > SMS Setting**.
5. To enabling online payment in **Parent Panel** and **Student Panel** update your payment gateway account details for this, go to **System Settings > Payment Methods** select your appropriate payment gateway and add your payment gateway account details then click on save button and enable it from right side box.
6. At this point we have completed basic setup of our school. Now we will add our academics in College Management Software like Classes, Sections, Subjects, Teachers.
7. For adding classes go to **Academics > Classes**, before adding classes first add Sections from **Academics > Sections**. Select Sections comes under a Class when you adding a Class. Classes can be add from leftside **Add Class** form and added classes can be see right side **Class List**. Add all classes running in your school here.

8. For adding sections go to **Academics > Sections**, Sections can be add from left side **Add Section** form and added section can be see right side **Section List**. Add all section name used in your school here e.g. Class 1 has 3 sections A, B, C and Class 2 has only A, B sections then we will add 3 sections A, B, C here. After adding sections, select section comes in a Class when you adding Classes.
9. For adding Teachers go to **Human Resource > Staff Directory**, Teachers can be add from top right corner **Add Staff** button. At this page you can add any staff by selecting its role. If we are creating teacher then we should select Teacher as role and designation as role.
10. For adding subjects go to **Academics > Subjects**, Subjects can be add from left side **Add Subject** form and added subjects can be see right side **Subject List**. Add all subjects including theory and practical in your school here. Subjects can be assign through Subject Groups to their classes in next step.
11. For assigning subjects to their classes go to **Academics > Subject Group** enter Subject Group then select Class and Section then select all subjects you want to include in this class and section as group now click on **Save**.

12. Great! you have completed your **College Management Software** setup. Now further we will understand working of all the modules 1 by 1 in detail.

## Fees Collection

This module has 9 sections -

1. Collect Fees
2. Search Fees Payment
3. Search Due Fees
4. Fees Master
5. Fees Group
6. Fees Type

7. Fees Discount
8. Fees Carry Forward
9. Fees Reminder

First we will prepare our **Fees Structure** for Current Session by configuring **Fees Type, Fees Group, Fees Master** and **Fees Reminder** then we will **Collect Fees** of students then we will understand and review various fees reports by using **Search Fees Payment, Search Due Fees**.

Lets understand how we will create fees structure in College Management Software by using **Fees Type, Fees Group & Fees Master**. **Fees Type** means different types of fees can be collect by school e.g. Admission Fees, April Month Fees, May Month Fees, June Month Fees, Exam Fees, Dress/Uniform Fees, Library Fees, Sports Fees, Transportation Bus Fees, Picnic Fees etc. **Fees Group** Fees Group is use to make grouping of different Fees Type Then you can assign/allocate this Fees Group to whole class-section or a particular student. Whenyou assign/allocate a Fees Group on a class-section or a particular student all Fees Type under this group with their Fees Master amount will be applied directly. You can assign/allocate multiple Fees Groups on a class- section or a particular student. Suppose we have created a Fees Group with the name Class 6 (2 Instalments) and added Fees Types Admission Fees (\$1000), 1st Instalment (\$5000), 2nd Instalment (\$5000) then assign/allocate this Fees Group Class 6 (2 Instalments) on those students only who want to pay fees in 2 Instalments. You can create another Fees Group with the name Class 6 (1 Instalments) and add Fees Type Admission Fees (\$1000), Full Instalment (\$9500). You can also create another fees group with the name Class 6 Transport Fees and add Transport Fees as Fees Type and assign/allocate on those students who use transport facility. **Note: Fees Type and Fees Group are not dependent on Academic Session but Fees Master iscreated session wise so you need to enter Fees Master data for every session.**

- **Fees Type-** Go to **Fees Collection > Fees Type** add all your Fees Type here with Fees Code. All **Fees Type** can be see at right side of this page.

- **Fees Group-** Go to **Fees Collection > Fees Group** add all your Fees Group here. All **Fees Group** can be see at right side of this page.

## Attendance

This module has 3 sections -

1. Student Attendance

## 2. Attendance By Date

## 3. Approve Leave

College Management Software supports two types of attendance **Day Wise and Period Wise**. You can run any type at once at a time and attendance type can be select from **System Settings > General Settings**. Now College Management Software also supports biometric attendance devices (currently only for day wise attendance) for automated attendance submission. You can enable biometric device feature from **System Settings > General Settings**. To utilise biometric device feature you should have **College Management Software Biometric Desktop Plugin Software**. Its desktop based application which fetch attendance data from biometric device and sends to College Management Software web application.

First we will enter **Student Attendance** then we will search student attendance for a particular date.

- **Student Attendance-** Go to **Attendance > Student Attendance** select **Class** then **Section** then **Attendance Date** then click **Search** button. Now below you can see list of students & attendance options like **Present, Late, Absent** etc. Select the attendance for students then click on **Submit Attendance** button. To enter National Holiday or Sunday select **Mark as holiday** button then **Submit Attendance** button. Note that is attendance is already submitted for a date then you can only edit attendance.

- **Attendance By Date-** Go to **Attendance > Attendance By Date** to check attendance for a particular date select **Class** then **Section** then **Date** then click on **Search** button.

## Examinations

This module has 7 sections -

1. Exam Group
2. Exam Exam Result
3. Design Admit Card
4. Print Admit Card
5. Design Marksheet Card
6. Print Marksheet Card
7. Marks Grade

College Management Software supports 4 types of exam types **General Purpose (Pass/Fail), School Based Grading System, College Based Grading System and GPA Grading System.**

**General Purpose (Pass/Fail)** - is general purpose non grading exam type used in majority of schools/institutions.

**School Based Grading System** - is grading exam type, in this you can merge two or more exams of same session to get consolidated result with final exam. For merging exams subjects should be same for all exams.

**College Based Grading System** - is grading exam type, in this you can merge two or more exams of different session to get consolidated result with final exam.

**GPA Grading System** - is GPA grading exam type based on credit hours and grade points.

First we will prepare **Marks Grade** then create exam in **Exam Group** then enter **Exam Schedule** then enter marks in **Marks Register**. Note that there is no need to prepare **Marks Grade** if your institution is not following **Grading System** in exams. Just leave **Marks Grade** & don't make any entry in it.

- **Marks Grade-** Go to **Examination > Marks Grade** select **Exam Type**, enter **Grade Name**, **Percent From**, **Percent Upto**, **Grade Point**, **Description** & click on **Save** button. All the grades can be see at right side of this page.
