Description	<p>The NSS Unit of Nimra College of Engineering & Technology organized a Career Development Initiative (CDI) Program with the objective of guiding students towards academic excellence and professional growth. The program was conducted as part of the institution's continuous efforts to provide career awareness, counseling, and motivation to students at an early stage of their higher education.</p> <p>The initiative was carried out under the theme “Early Goal Setting: Dream Big”, emphasizing the importance of setting clear goals and planning career pathways from the beginning of one's academic journey. The session aimed to create awareness among students about various career opportunities and to help them develop confidence, clarity, and direction in their professional lives.</p> <p>The programme commenced with registration at 9:00 AM, where students from both institutions actively gathered and participated with enthusiasm. During the program, eminent academicians, resource persons, and professionals from diverse fields interacted with the students and shared valuable insights on career planning, profile enhancement, skill development, and leadership qualities. The speakers encouraged students to remain focused, work hard, and make informed decisions regarding their future.</p> <p>The session was highly interactive and informative, enabling students to actively participate, clarify their doubts, and gain a better</p>

understanding of higher education and career prospects. The program also highlighted the role of teachers, counselors, and parents in supporting students throughout their career development process. The Dream Big Initiative served as a motivating platform, inspiring students to aim high and take responsibility for shaping their futures with determination and confidence. The event proved to be meaningful and beneficial for all participants.
